

Cedar Valley Grove Update

September 11, 2026

To the Cedar Valley-Nauvoo Mission Center:

Cedar Valley Grove is currently under contract with a prospective buyer. The sale remains contingent upon the buyer completing their inspections and financing, as well as reaching a mutually agreeable Campground Use Agreement before closing.

An important part of the agreement is preserving our opportunity to continue holding Community of Christ camps at Cedar Valley Grove. The prospective buyer is aware of and receptive to our desire to have exclusive use of the grounds for three to four weeks each summer. Work is now underway with legal counsel, Mission Center leadership, the CVG Operations Group, and the Campgrounds Board of Directors to develop the details of that agreement for the buyer's consideration.

We expect this work to continue over the coming weeks. If inspections and financing proceed successfully and a Campground Use Agreement is finalized, **closing is anticipated in November or December.**

We are grateful for the careful work of everyone involved in this process and will continue to keep the Mission Center informed as significant developments occur.
